Hi Desean and Janet,

Thank you for your comments. I have incorporate into/respond to them in the attached. Note that I also included the comments received from our HQ's staff in this document. Please let me know if you have any further comments.

We did receive an updated permit application on June 18 from CES, but they didn't provide supporting documentation for their financial assurance as well as ESA and NHPA studies, along with the updated permit application as promised – will forward a copy of these documents as soon as we receive them.

Thanks,
Calvin

Calvin,

Attached is our review of the Clean Energy Systems draft permit. In an earlier email, you said that CES would be submitting supporting documentation for its preliminary financial assurance proposal by June 18. Please forward that to Janet and I if its been submitted.

Thank you,
Desean
